

When the Old Wagon Breaks

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagon. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs—the Studebaker hubs are made of it. Butt cut, second growth black hickory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. The Studebaker Wagon

Is Perfect in Every Detail

That is why we sell it. Come in and let us talk it over. We have some interesting wagon books for every one.

More Than Enough is too Much. To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for less purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by W. B. Davis and D. G. Smith.
